Letter from Walla Walla

Walla Walla, W T, March 28, 1863

Editor Oregonian

I find some division in public sentiment at this place relative to the killing of the man "Stubbs, which was mentioned in my letter from Dalles of a few days since Many persons at this place think that the shooting was entirely unnecessary and pretend to find some justification for Stubbs in the assertion that he had been cheated out of several mules by some quartermaster who had some time or another been stationed at Fort Walla Walla or some other point For my own part I do not see what right that conferred on Stubbs to steal seventy five mules from the United States However that may be the mild notions of justice on the frontier favor the idea of getting even, if it should be done by stealing even It is fit to remark, in conclusion that Stubbs was a man of great generosity towards the necessitous and possessed some excellent traits of character which the debasing influences of evil associations had not entirely obliterated He was in good circumstances, pecuniarily and had no occasion to embark in so discreditable an enterprise as stealing mules

IMPROVEMENTS IN THE WALLA WALLA VALLEY

The number of buildings in the town of Walla Walla has been increased about one third since last September, but the population has not kept pace with the increase of tenements A large portion of the permanent settlers of town and country are absent on mining and trading excursions, and the streets wear a Sunday like aspect in consequence Heretofore the annual product of wheat in the valley has not exceeded thirty thousand bushels but for the coming harvest it is estimated that about seventy five thousand will be grown The foot hills of the Blue mountains to the south east of town show the marks of the plow and standing in the streets extensive fields, newly turned over can be discerned The farmers of this valley have about four cents a pound the advantage of those of the Willamette, and why they do not get rich is a mystery There is a considerable infusion of the last year's immigration into the population of the valley and it is probable that it will exert a favorable influence on the old settlers—who are unused to working for any but the most exorbitant prices There are saw mills and grist mills enough in the valley to meet the wants of a larger population than it contains There is also an excellent planing machine in operation in town, which will have a tendency to reduce considerably the cost of building The prospects of the producing classes of the country were never brighter than now but traders still hold back and likely not to revive until towards summer Large stocks of goods are held here and in fact the upper country is better supplied this spring than at any time since the mines were discovered

MORAL REFORMS AT WALLA WALLA

The social state of this town has wonderfully improved in the last year Practices which were tolerated at that time, have [illegible] the murder us ruffians whose midnight brawlings [illegible] hide us [illegible] horse stealing has ceased [illegible] and things are [illegible] the Willamette [illegible] the ladies I will state that the climate of Walla Walla is extremely favorable to their sex and has brought the bloom of health to the cheeks of many a lady invalid whose health had been wasted in the miserable [illegible] Willamette This fact alone should insure an increase of female population for which man does not desire [illegible] the additional inducement of a husband for each unmarried [illegible] of taking to this place [illegible] I am [illegible] truthfully [illegible] up here [illegible] but get married [illegible] the intimation of the young men to marry and settle down

EXPEDITION AGAINST THE SNAKES

TO THE PUBLIC
OF THE
PACIFIC COAST!
HOSTETTER'S
STOMACH BITTERS!

THE LARGE AND CONSTANTLY INCREASING DEMAND for HOSTETTER'S CELEBRATED STOMACH BITTERS on the Pacific coast, renders it the especial duty of the Manufacturers and Proprietors to place their [illegible] Rocky Mountains fully on their guard against the PERNICIOUS COUNTERFEITS which have already been introduced in California, and other parts of the Pacific coast, by IMPOSTERS who have PIRATED the great RESTORATIVE.

These vandals, who subsist by pirating, have [illegible] by selecting the most popular STOMACH BITTERS. Some dealers, of whom better things might have been expected, have connived at the IMPOSITION, for the purpose of sharing in the plunder, on the principle that the receiver is as culpable as the thief, and that the passer of spurious money is as criminal as the forger, the makers and venders of COUNTERFEIT HOSTETTER'S BITTERS stand on the same moral level.

The public are cautioned not to purchase any preparation purporting to be HOSTETTER'S STOMACH BITTERS without first scrutinizing well the packages and bottles, so as to be certain that they get the GENUINE, or purchase it of Dealers of known integrity, who would not be guilty of selling SPURIOUS ARTICLES, or of the California Agents, Messrs. Hostetter, Smith & Dean, No. 227 Montgomery street, Russ Block, San Francisco.

The COUNTERFEITERS doubtless hoped, and expected, that in regions thousands of miles away from the source of the GENUINE BITTERS, they would be able to palm off their SPURIOUS COMPOUND with less chance of detection and exposure. In this expectation they will be disappointed. The undersigned are determined to protect themselves against fraud, and their far off customers against its baneful consequences, and have no doubt that through their agents, the influence of the press, and the instrumentality of the law, they will succeed in crushing IMPOSTERS in this distant field of operation, as they have already crushed [illegible] nearer home.

The general acceptance of the BITTERS as the best known preventive and remedy for the bilious diseases of unhealthy sites and climates, is a just tribute to the [illegible] and vitalizing properties of the preparation. Whoever goes to the gold mines, or travels through or settles in any portion of our Pacific territory, without previously furnishing himself with a supply of this unapproachable antidote to the effect of insalubrious air and bad water, does so at the imminent risk of health and life and in the face of a volume of testimony to its sanative and corrective properties which ought to satisfy the most incredulous. The unacclimated will find it the best protective against the epidemic diseases of the country, and against all epidemic maladies. Furnished with this preservative, the prospector may fearlessly prosecute his search for gold and silver in valleys and plains where his less fortunate predecessors have left their bones. The discolored and unwholesome water which serves alike to quench his thirst and cook his [illegible], may be drank with impunity if mixed with this powerful and agreeable corrective, and the miasma which reeks from the soil of the mining regions will have no injurious effect upon his system, if sustained and fortified by this pure and wholesome invigorant and stomachic. He may sleep wrapped in his blanket or buffalo robe on the damp ground by night, and work beneath the hot beams of the sun by day, without incurring the usual penalties of remittent fever, diarrhea, dysentery and bilious colic, provided he reinforces his constitution, his appetite and his strength, by a moderate and regular use of HOSTETTER'S BITTERS. Miners and others who are obliged to live wholly or chiefly on animal food without vegetables, will find the preparation invaluable as a protective against scurvy and other scorbutic diseases.

Of the above mentioned uses of the BITTERS, the proprietors of the preparation do not of course speak from actual experience, but they have the next best evidence in the world, viz: THE SPONTANEOUS TESTIMONY of multitudes of returned Californians, and of hundreds NOW ENGAGED IN MINING in various parts of the Pacific States.

While recommending their Bitters strongly and earnestly, as a preventive, the undersigned would call attention also to its eminent qualities as a restorative. In fever and ague, dumb ague, and all that class of intermittents, it is the best medicine that can be taken to break up the chills and restore the strength of the patient. For dyspepsia and every form of indigestion, it is an absolute specific, combining the properties of a gentle cathartic with those of an alterative and mild stimulant; it has an excellent effect in constipation, colic, piles, sickness at the stomach, nervous headache, nausea, and disorders of the blood and bowels generally. It also possesses important anti-bilious elements; and as a means of regulating the action of the liver and other secretive organs, has no equal among the medicines of the day. Ladies in delicate health, from whatever cause arising, will find great benefit from its cordial and invigorating properties; and as an Elixir Vitæ for the aged and decrepit it stands alone among vegetable tonics. In fact, HOSTETTER'S CELEBRATED BITTERS can be conscientiously recommended, on the authority of perhaps the strongest array of voluntary witnesses that have ever testified to the value of any advertised preparation, as the purest, the most reliable, the most general and successful, institutional and physical invigorant, preventive and restorative, now before the public.

DR. BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a Dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

European Intelligence

Dates to Thursday, March 12th

HALIFAX March 22.—A Washington letter in the London *Herald* asserts that a secret society has been discovered the members of which are sworn to kill President Lincoln.

It is stated that the English and French Governments were agreed as to the tenor of their notes to Prussia regarding Poland.

A dispatch dated Shanghai January 20th, says that preparations were then making for a reorganizing expedition against Nankin. The French contingent has been defeated near Ningpo.

The marriage of the Prince of Wales and the attendant rejoicings had absorbed public attention. The ceremony came off at Windsor on the 10th, with great pomp and brilliancy. The Queen occupied a retired post of observation but took no part. The royal pair went to Osborne for the honeymoon. It was a holiday throughout England. The public rejoicings illuminations, etc. were on the grandest scale.

It was rumored that France contemplates the resumption of negotiations with Mexico after the capture of Puebla.

The Polish news is very contradictory. Many alleged engagements are pronounced mere inventions. It was rumored that the Russians were defeated near Jarow.

Reports were current on the Paris Bourse that the Czar had replied to France that he was unable to make any concessions to the Poles until the insurrection was subdued.

Austria will enter into no engagement with France or England, but will act according to circumstances.

Prussia is concentrating her troops on the Polish frontier.

LATEST.—London, March 12.—Polish affairs continue threatening. Langiewitz had been proclaimed Dictator and had issued a stirring manifesto, calling the Poles to arms.

A most brilliant cavalry fight occurred on the Rappahannock of the 18th of March, beyond Kelly's Ford. A reconnoissance, under Gen Averill, forced a passage over the river in face of a determined resistance by a considerable body of rebel sharp shooters who were covered by houses, rifle pits and a dry mill race, with an abattis front.

Arriving on the south side of the river our cavalry charged the rebels in their entrenchments, killing and capturing nearly the entire force besides securing a large number of horses.

A short distance from the shore Averill's command encountered the rebel cavalry under Stuart and Fitzhugh Lee, who had hastened from Culpepper to prevent our passage. They made some dashing charges on our troops, who repulsed them and in turn charged them with fatal effect, using sabres only in the conflict. Wherever the enemy made a stand they were immediately charged upon, and routed from their position with great loss.

The battle lasted five hours, and was a serious hand to hand conflict, the charges resulting in the falling back of the enemy. The forces were about 200 on each side. The enemy at last took refuge behind an entrenched battery, four miles from the Ford, flanked by rifle pits and abattis. Averill, having accomplished his object, secured the prisoners and the wounded on both sides, with a large number of horses, and recrossed the river, without an attack or demonstration on the part of the rebels.

AYER'S Cathartic Pills,

(SUGAR COATED)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1 1856.

DR J C AYER. SIR: I have been repeatedly cured of the worst headache anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED W PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON D C, 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M D, Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects, and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
